

JUG Minutes

Aug 07

Really good turnout

Larry opened the meeting at 8.0pm in the absence of Jim Carr who was away on business. Larry proceeded to tell us a series of true stories about Diamond Jim.

The committee table was looking rather bare as Fran the editor was away and Angus the treasurer was in Melbourne. (I wonder if they know something I don't?)

Birthdays were celebrated in the usual fashion by Reiner and Peter. Larry brought our attention to a bargain AGV Rossi replica helmet worth \$799 on offer for only \$350 and it wasn't even hot! Jenny and Eric were next with the bargains offering Crosby, Stills and Nash tickets for only \$80 each.

Larry's next call was to welcome the new members and visitors:-

David Payne - Kawasaki eliminator
Mandy Gardiner - Kawasaki ZZR250
Chris Mercer - Kawasaki VN800
Sue - Triumph - TT600

Our Prez reminded us of the forthcoming Odyssey 29th Sept to 1st Oct and called for tourmaster Kon to organise a day ride for that Sunday. The memorial ride on the 9th Sept which will leave Macca's Beldon at 9am for Midland Gate car park at 10am and on to Lake Leschenaultia for the service for those who have ridden on at 11.15am Larry then told us of his hospital visit to Gene Campbell the east Coast Ulyssian who had been injured on the way back from The Big Ride to Darwin. Whilst on the subject of injuries Larry advised us of the recent demise of several members of the Perth group who had come to grief at the top of Old Yanchep Road on that bumpy bend. Calls for better signposting have apparently been heeded.

Treash has still got cash - even after the ticket to Melbourne.

Tourmaster Kon has not been flooded with volunteers to lead Saturday rides despite the positive response at the last meeting, in fact nobody showed and Kon now says if you want to go organise your own rides. Mark Baker has finally admitted defeat on his overnigher to Bruce Rock as the hotel has now decided to close rather than have us stay there. In true Ulyssian spirit Mark has said stuff 'em and reorganised the trip yet again and we're now going to Boyup Brook.

Another overnigher for the weekend of November 4th to Katanning was announced by Kon cost approx\$30-35 per person plus food. More details to follow. Alistair advised of an alternative to the memorial ride this being the annual Wildflower Ride to Wyening Mission Farm in Calingiri on September 9th cost \$30 per adult to include morning tea and lunch and country entertainment (no Jim that means singing)

Brock (spiderman of the web) suggested that the website would be the ideal place to announce one's intention to go on a Saturday ride.

Heads'n'tails was won by Digby who was looking in good health following his recent accident. The other winner was guest Sue. M.O.T.M was again won by me probably because I never brought the damned thing back. I can't believe Angus didn't get it for misplacing the cheque book!

Larry put out a call for more raffle prizes and at 8.50pm it was all over.
